INDEPENDENT AUDITOR'S REPORT

To the Officials of Wapello County, Iowa:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Wapello County, Iowa, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Wapello County, Iowa at June 30, 2013, and the respective changes in financial position and, where applicable cash flows thereof, for the year then ended in conformity with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, and the Schedule of Funding Progress for the Retiree Health Plan on pages 4 through 8 and 36 through 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Wapello County, Iowa's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2012 (which are not presented herein) and expressed unqualified opinions on those financial statements. The supplementary information included in Schedules 1 through 8, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 10, 2014 on our consideration of Wapello County, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Wapello County, Iowa's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Wapello County, Iowa provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2013. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

2013 FINANCIAL HIGHLIGHTS

- ♦ County revenue decreased 23.0%, or \$6,029,515 from fiscal year 2012 to 2013.
- ♦ County program expenses were 15.0% or \$3,127,802 less in fiscal year 2013 than in 2012.
- ♦ The County's net position increased 6.0%, or \$2,485,481, during the year ended June 30, 2013.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Wapello County, Iowa as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Wapello County, Iowa's operations in more detail than the government-wide financial statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Wapello County, Iowa acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year as well as presenting the Schedule of Funding Progress For the Retiree Health Plan.

Supplementary Information provides detailed information about the nonmajor governmental funds and the individual Agency Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the County.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Position presents all of the County's assets and liabilities, with the difference between the two reported as "net position". Over time, increases or decreases in the County's net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are presented in the Statement of Net Position and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

Fund Financial Statements

The County has three kinds of funds:

1. Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds such as Mental Health, Rural Services, and Secondary Roads, 3) the Debt Service Fund, and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2. Proprietary funds are used to account for the County's Internal Service, Employee Group Health Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The required financial statements for proprietary funds include a statement of net position, a statement of revenues, expenses and changes in fund net position and a statement of cash flows.

3. Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. These fiduciary funds include Agency Funds that account for drainage districts, emergency management services and the County Assessor, to name a few.

The required financial statement for fiduciary funds is a statement of fiduciary assets and liabilities.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in net position for governmental activities.

Net position of the County's governmental activities increased by 6.0% (\$43,905,912 compared to \$41,420,431). The largest portion of the County's net position is the investment in capital assets (e.g., land, infrastructure, buildings, and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. Restricted net position represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased from \$2,248,683 at June 30, 2012 to \$2,249,975 at June 30, 2013, an increase of .1%.

Net position – End of year	\$ <u>43,905,912</u>	\$ <u>41,420,431</u>

The results of governmental activities for the year resulted in Wapello County, Iowa's net position increasing by \$2,485,481. Revenues for governmental activities decreased by \$6,029,515 from the prior year, including decreases in operating grants, contributions and restricted interest and capital grants, contributions and restricted interest. Expenditures decreased by \$3,127,802 including decreases in mental health expenses.

The cost of all governmental activities this year was \$17,669,529 compared to \$20,797,331 last year. However, as shown in the Statement of Activities, the amount that our taxpayers ultimately financed for these activities through County taxes was only \$5,660,412 because some of the cost was paid by those directly benefited from the programs (\$1,488,156) or by other governments and organizations that subsidized certain programs with grants and contributions (\$10,520,961).

INDIVIDUAL MAJOR FUND ANALYSIS

As the County completed the year, its governmental funds reported a combined fund balance of \$17,052,337, which is an increase of \$7,064,854 from last year's total of \$9,987,483.

- General Fund revenues and expenditures increased by 2.0% and 6.6%, respectively, when compared to the prior year. The ending fund balance showed a decrease from the prior year of \$298,461 from \$3,367,254 to \$3,068,793.
- The County has continued to look for ways to effectively manage the cost of mental health services. For the year, expenditures totaled \$1,451,357, a decrease of 71.1% from the prior year. The Mental Health Fund balance at year end increased by \$1,220,455 from the prior year due to decreased expenditures.
- Secondary Roads Fund revenues increased \$54,313 from the prior year. As a result, there was a decrease in the Secondary Roads Fund ending balance of \$122,629, or 19.5%.
- LEC maintenance expenses increased \$86,676 from the previous year and its ending fund balance decreased from the prior year by \$170,668 to \$1,970,299.
- During the year ended June 30, 2013, I Jobs revenues and expenditures were \$1,632,457 and \$1,632,454 respectively resulting in an ending fund balance of \$20.
- During the year ended June 30, 2013, proceeds from long-term debt recorded in the capital projects fund increased \$4,043,000 from the prior year. At the end of the year, the ending fund balance in the Capital Projects Fund had increased to \$4,751,861.

BUDGETARY HIGHLIGHTS

Over the course of the year, Wapello County, Iowa amended its budget three times. The first amendment was made on November 27, 2012, the second amendment was made on March 26, 2013, and the third amendment was made on May 7, 2013. These amendments resulted in increases in budgeted disbursements in certain County departments.

CAPTIAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2013, Wapello County, Iowa had \$34,679,160 invested in a broad range of capital assets, including public safety equipment, buildings, park facilities, and roads and bridges. This amount represents a net increase (including additions, deletions and depreciation) of \$1,073,758 or 3.2% more than the prior year.

The County had depreciation expense of \$1,872,612 for the year ended June 30, 2013, and total accumulated depreciation as of June 30, 2013 of \$32,694,266.

Long-term Debt

At June 30, 2013, the County had \$8,839,167 in general obligation notes and other debt compared to \$3,191,175 at June 30, 2012, as shown below.

Outstanding Debt of Governmental Activities at Year-End

	<u>2013</u>	<u>2012</u>
Installment purchases	\$ 45,009	\$ 15,722
General obligation capital loan notes	7,610,000	1,835,000

Net OPEB liability	<u>379,736</u>	<u>343,789</u>
Totals	\$ <u>8,839,167</u>	\$ <u>3,191,175</u>

The Constitution of the State of Iowa limits the amount of general obligation debt that counties can issue to 5% of the assessed value of all taxable property within the County's corporate limits. The County's outstanding general obligation debt is significantly below its constitution debt limit of \$55,573,315. Other obligations include accrued vacation pay and sick leave, installment purchases, capital leases and net OPEB liability. Additional information about the County's long-term debt is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Wapello County, Iowa's elected and appointed officials and citizens considered many factors when setting the fiscal year 2014 budget, tax rates, and the fees charged for the various County activities. One of those factors is the economy. Unemployment in the County (as of July 2013) now stands at 6.2% versus 7.1% a year ago. This compares with the State's unemployment rate of 4.8% and the national rate of 7.3%.

Inflation in the State is slightly higher than the national Consumer Price Index increase. The State's CPI increase was 5.043% for fiscal year 2013 compared with the national increase of 4.026%.

These indicators were taken into account when adopting the budget for fiscal year 2014. Amounts available for appropriation in the operating budget are decreasing by \$4,179,527 compared to the final fiscal year 2013 budget. Intergovernmental revenues are expected to make up the majority of this decrease. Budgeted disbursements are expected to decrease by \$6,486,691 compared to the final fiscal year 2013 budget. Decreases in capital projects and mental health expenditures represent the majority of the decrease. The County has added no major new programs or initiatives to the fiscal year 2014 budget.

If these estimates are realized, the County's budgetary operating balance is expected to decrease \$1,094,827 by the close of fiscal year 2014.

Proceeds from issuing long term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year issues and repayments are as follows:

WAPELLO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Wapello County, Iowa is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Wapello County, Iowa has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of the organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

These financial statements present Wapello County, Iowa (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units – The following component units are entities which are legally separate from the County, but are so intertwined with the County they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

The drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Wapello County Board of Supervisors. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Wapello County Auditor's office.

Jointly Governed Organizations – The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: County Assessor's Conference Board, County Emergency Management Commission and County Joint E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Position presents the County's nonfiduciary assets and liabilities, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position result when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consist of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue

The MH-DD Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, required transfers from the General and the Special Revenue, Rural Services Funds and other revenues to be used for secondary road construction and maintenance.

The LEC Maintenance Fund is used to account for local option tax funds received for maintenance of the Law Enforcement Center.

The I Jobs fund is used to account for I Jobs revenues received from the state of Iowa to be used for the construction of the Chillicothe bridge project.

WAPELLO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

Capital Projects

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

Additionally, the County reports the following funds:

Proprietary Fund

An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

Fiduciary Funds

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursements grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications -- committed, assigned and then unassigned fund balances.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund is charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents and Pooled Investments – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1.5% per month penalty for delinquent payments; is based on January 1, 2011 assessed property valuations; is for the tax accrual period July 1, 2012 through June 30, 2013 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March, 2012.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Fund Equity (Continued)

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 1980 (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of three years.

<u>Asset Class</u>	<u>Amount</u>
Infrastructure	\$ 50,000
Land, buildings and improvements	25,000
Machinery and Equipment	5,000

Capital assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful lives (In Years)</u>
Infrastructure	15-50
Buildings	25-50
Machinery and Equipment	5-20

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred revenue consists of property tax receivable not collected within 60 days after year end.

Deferred revenue in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Fund Equity (Continued)

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary fund and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2013. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, MH-DD, Rural Services and Secondary Roads Funds.

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Position. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Unassigned – All amounts not included in the preceding classifications.

Net Position – The net assets of the Internal Service, Wapello County Employee Health Fund is designated for anticipated future catastrophic losses of the County.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

F. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results could differ from those estimates.

NOTE 2: CASH, CASH EQUIVALENTS AND POOLED INVESTMENTS

The County's deposits in banks at June 30, 2013 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Investments are stated at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

The County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$7,247,254 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk – The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the County.

NOTE 3: INTERFUND TRANSFERS

The detail of interfund transfers for the year ended June 30, 2013 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Secondary Roads	General Fund	\$ 150,000
	Rural Services	850,000

During the year ended June 30, 2013, the County issued \$6,010,000 and retired \$235,000 of general obligation capital loan notes.

On March 28, 2013, the County issued \$1,395,000 of General Obligation Refunding Capital Loan Notes, Series 2013B to advance refund the General Obligation Capital Loan Notes, Series 2008. The bonds are due in varying annual installments each June 1, from June 1, 2015 through June 1, 2019, with an interest rate ranging from 1.1% to 1.2% due semiannually on June 1 and December 1. The County reduced its total debt service payments by \$76,675 and obtained an economic gain (difference between the present value of the debt service payments of the old and new debt) of \$73,717. Future property tax levies are dedicated to the retirement of these notes. The refunding notes' proceeds will be maintained in escrow until June 1, 2014 when the refunded notes are called.

The Wapello County E-911 Organization has agreed to pay the County for their portion principal and interest on the Series 2013A capital loan notes as they become due. The County reports a loan receivable in the Debt Service Fund equal to the principal outstanding on these general obligation capital loan notes.

Payments under capital lease purchase agreements totaled \$105,405 for the year ended June 30, 2013.

NOTE 7: PENSION AND RETIREMENT BENEFITS

The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 5.78% of their annual covered salary and the County is required to contribute 8.67% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2013, 2012 and 2011 were \$490,114, \$474,783 and \$392,143, respectively, equal to the required contributions for each year.

NOTE 8: RISK MANAGEMENT

Wapello County, Iowa is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 679 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

WAPELLO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 8: RISK MANAGEMENT (Continued)

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's annual contributions to the Pool for the year ended June 30, 2013 were \$202,020.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$15,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location, with excess coverage reinsured by the Lexington Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2013, no liability has been recorded in the County's financial statements. As of June 30, 2013, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its casualty capital contributions. However, the refund is reduced by the amount of capital distributions previously received by the withdrawing member and an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9: EMPLOYEE HEALTH INSURANCE PLAN

The Internal Service, Wapello County Employee Health Fund was established to account for partial self funding of the County's health insurance benefit plan. The plan is funded by County contributions and is administered through a service agreement with First Administrators, Inc. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$30,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

NOTE 9: EMPLOYEE HEALTH INSURANCE PLAN (Continued)

Monthly payments of service fees and plan contributions to the Wapello County Employee Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to First Administrators, Inc. from the Wapello County Employee Health Fund. The County's contribution to the fund for the year ended June 30, 2013 was \$2,259,291.

Amounts payable from the Wapello County Employee Health Fund at June 30, 2013 total \$36,605 which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. That reserve was \$1,209,764 at June 30, 2013 and is reported as a designation of the Internal Service, Wapello County Employee Group Health Fund net position. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement Number 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liability for claims for the current year is as follows:

Unpaid claims beginning of year	\$ 148,395
Incurred claims (including claims incurred but not reported at June 30, 2013):	
Current-year events	2,012,604
Payments:	
Current and prior year events	<u>2,124,394</u>
Unpaid claims end of year	\$ <u>36,605</u>

NOTE 10: CONTINGENT LIABILITIES

The County is contingently liable on United States Department of Agriculture Rural Development notes for the Wapello County Rural Fire Agency (a 28E Organization) and the Washington Township. At June 30, 2013, these loans had outstanding balances of \$144,064 and \$5,657, respectively. The County is contingently liable on an additional United States Department of Agriculture Rural Development note for the Wapello County Rural Fire Agency (a 28E Organization). At June 30, 2013, the note had an outstanding balance of \$98,506. Since the interest and principal are currently paid by the respective entities, these liabilities have not been recorded in the Statement of Net Position.

NOTE 11: OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description – The County operates a single-employer health benefit plan which provides medical benefits for employees, retirees and their spouses. There are 140 active and 7 retired members in the plan. Retired participants must be age 55 or older at retirement.

The medical benefits are provided through a partially self funded medical plan with stop loss coverage provided by Wellmark. Retirees under age 65 pay the same premium for the medical benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy – The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding which, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

NOTE 11: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2013, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

Annual required contribution	\$ 153,669
Interest on net OPEB obligation	13,752
Adjustment to annual required contribution	<u>(7,334)</u>
Annual OPEB cost	160,087
Contributions made	<u>(124,140)</u>
Increase in net OPEB obligation	35,947
Net OPEB obligation beginning of year	<u>343,789</u>
Net OPEB obligation end of year	\$ <u>379,736</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2013.

For the year ended June 30, 2013, the County contributed \$124,140 to the medical plan.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation are summarized as follows:

<u>Year Ended</u> <u>June 30,</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net</u> <u>OPEB</u> <u>Obligation</u>

Funded Status and Funding Progress – As of July 1, 2011, the most recent actuarial valuation date for the period July 1, 2012 through June 30, 2013, the actuarial accrued liability was \$1,567,072 with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,567,072. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$5,420,518 and the ratio of the UAAL to covered payroll was 28.91%. As of June 30, 2013, there were no trust fund assets.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress for the Retiree Health Plan, presented as Required Supplementary Information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013

NOTE 11: OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

As of the July 1, 2011 actuarial valuation date, the projected unit credit cost method was used. The actuarial assumptions include a 4% discount rate based on the County's funding policy. The projected annual medical trend rate is 10%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 0.5% each year until reaching the 5% ultimate trend rate. An inflation rate of 3% is assumed for the purpose of this computation.

Mortality rates are from the RP2000 Combined Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed using the alternate valuation method as prescribed by GASB 45.

Projected claim costs of the medical plan are \$657 (\$1,411 for retiree and spouse coverage) per month for retirees. The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

NOTE 12: CONSTRUCTION CONTRACT COMMITMENTS

Prior to June 30, 2013 the County had signed several construction contracts that are summarized below:

Total commitments	\$	8,514,920
Less amounts paid or accrued		<u>8,487,380</u>
Remaining commitments	\$	<u>27,540</u>

The remaining balance at June 30, 2013 will be paid as work on the projects progress.

NOTE 13: RESTATEMENTS

During the year ended June 30, 2013, it was determined that certain infrastructure added prior to July 1, 2012 were mistakenly omitted from the capital assets listing. As a result the June 30, 2012 ending balance has been restated to the amount listed below.

WAPELLO COUNTY, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING

YEAR ENDED JUNE 30, 2013

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except the Internal Service Fund and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, three budget amendments increased budgeted disbursements by \$2,095,726. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2013, disbursements did not exceed the amounts budgeted.

Basis of Presentation - The Schedule of Expenditures of Federal Awards includes the federal grant activity of Wapello County, Iowa and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHERS MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Officials of Wapello County, Iowa:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Wapello County, Iowa, as of and for the year ended June 30, 2013, and the related notes to financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wapello County, Iowa's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wapello County, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of Wapello County, Iowa's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item 13-II-B to be a material weakness.

A significant deficiency is a deficiency or combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in Part II of the accompanying Schedule of Findings and Questioned Costs as items 13-II-A and 13-II-C to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wapello County, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2013 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Wapello County, Iowa's Responses to Findings

Wapello County, Iowa's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Wapello County, Iowa's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control and compliance. Accordingly, the communication is not suitable for any other purpose.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Wapello County, Iowa and other parties to whom Wapello County, Iowa may report including federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Wapello County, Iowa during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE
AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY OMB CIRCULAR A-133

To the Officials of Wapello County, Iowa

Report on Compliance for Each Major Federal Program

We have audited Wapello County, Iowa's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have direct and material effect on its major federal program for the year ended June 30, 2013. Wapello County, Iowa's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Wapello County, Iowa's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wapello County, Iowa's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Wapello County, Iowa's compliance.

Opinion on Each Major Federal Program

In our opinion, Wapello County, Iowa complied, in all material respects, with the types of compliance requirements referred to above that could have direct and material effect on its major federal program for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed no instances of non-compliance which are required to be reported in accordance with OMB Circular A-133.

Report on Internal Control over Compliance

The management of Wapello County, Iowa, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wapello County, Iowa's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wapello County, Iowa's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We noted no deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in the County's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weaknesses in internal control over compliance, yet important enough to merit attention by those charged with governance.

Wapello County, Iowa's responses to the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Wapello County, Iowa's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of Wapello County, Iowa as of and for the year ended June 30, 2013, and have issued our report thereon dated February 10, 2014, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

Part II: Findings Related to the Financial Statements

INTERNAL CONTROL DEFICIENCIES:

- 13-II-A Capital Asset Deletions – During our review of capital assets, it was determined that the County does not have a written policy regarding the deletion of capital assets.

Recommendation – The County should adopt a policy that includes who has authority to delete an asset, when this can be done and what documentation should be maintained relating to the deletion.

Response – We will adopt a policy for capital asset deletions.

Conclusion – Response accepted.

- 13-II-B Financial Reporting – During the year ended June 30, 2013, it was determined that certain infrastructure added prior to July 1, 2012 were mistakenly omitted from the capital assets listing. The effects of these omissions are shown in Note 12 of the current year financial statements.

Recommendation – The County should maintain an updated listing of capital assets that reconciles to the audited financial statements.

Response – We will do so in the future.

Conclusion – Response accepted.

- 13-II-C Expense Reimbursement – During our review of expenses, one mileage reimbursement voucher did not include enough information to determine the amount of miles driven.

Recommendation – Expense reimbursement vouchers should be properly prepared and include all required elements.

Response – We will do so from now on.

Conclusion – Response accepted.
